Dehradun, India · Open to relocate · New Delhi

PROFESSIONAL SUMMARY

Analytics professional with MBA (Operations Management) + 1.5 years of hands-on experience in **Python/SQL analytics, Power BI dashboards, and GenAI-enabled workflow automation**. Built career-ops -- a production AI system using Claude (LLM) + Node.js + Python that automates a 200+ application job-search pipeline end-to-end: GenAI-driven JD evaluation, automated PDF generation, Gmail API sync, and portfolio tracking. This is not a course project -- it runs daily in production and demonstrates the AI-enabled workflow and prompt engineering capability BCN's ORG CoE requires. Backed by the **Google Advanced Data Analytics Professional Certificate** (7/7, May 2026) and 9 portfolio projects across Python, SQL, R, and Power BI on 1.2M+ real records. Portfolio: github.com/Zolow-kuni/data-portfolio

CORE COMPETENCIES

GenAI & AI-Enabled Workflows (Claude LLM)

Python (Pandas · NumPy · Automation)

SQL (Advanced Queries · Data Analysis)

Power BI (DAX · Dashboards)

Data Analysis & Insight Generation

Workflow Automation & Scripting

Statistical Analysis & Modelling (R)

Cross-functional Stakeholder Communication

WORK EXPERIENCE

Logistics Integrators Pvt. Ltd.

Mar 2025 - Mar 2026

Data Analyst - Management Trainee Program · Dehradun, India

- **Built and automated analytical workflows** using Python (Pandas, NumPy) and SQL to process operational and sales datasets, reducing manual effort and improving analysis turnaround for business reviews
- Developed and maintained **Power BI dashboards tracking 10+ KPIs** across freight operations; delivered zero-defect analysis in professional presentations for senior leadership
- Led **root-cause analysis (RCA)** on performance gaps -- shipment delays, cost overruns, turnaround drops -- generating hypotheses, executing data-driven work plans, and presenting actionable recommendations to cross-functional stakeholders
- Worked across the analytics stack -- **SQL (CTEs, window functions), Python (Pandas), Power BI (DAX, data models), Excel** -- delivering analysis accurately and on time across multiple concurrent workstreams
- Drove **data quality and integrity workflows**: validation, reconciliation, ETL audit -- ensuring all analytical outputs were accurate and trustworthy before reaching decision-makers
- Communicated findings clearly to both technical and non-technical stakeholders; prepared materials that summarized complex data and drew actionable conclusions to support business decisions

Vrun Minerals Pvt. Ltd.

Feb 2024 - Jul 2024

Operations Analyst (Intern) · Dehradun, India

- Conducted quantitative and qualitative analysis on inventory and sales datasets; prepared materials summarizing data and drawing conclusions to support supply-chain decisions
- Built dashboards and analytical models to identify trends and anomalies across operational data

PROJECTS

career-ops - Production GenAI + Analytics System Claude AI · Node.js · Python · Gmail API · Playwright

Built and deployed a production AI system that automates a 200+ application job-search pipeline: GenAI (Claude LLM) for prompt-based JD evaluation and insight generation, Python/Node.js automation for analytical workflows, Gmail API for data ingestion, and Power BI-equivalent dashboards for pipeline tracking. Uses AI-enabled workflows to accelerate insight generation and streamline internal processes -- directly mirroring BCN's requirement. Manages 15 certifications and 200+ tracker entries under single source of truth via automated hooks.

Demonstrates: GenAI workflows · Prompt engineering · Python automation · Analytics pipeline · Process improvement

SQL Retail Analysis - Advanced Analytics Suite SQL · SQLite · Python

15 advanced SQL queries on 805,549 rows: window functions, CTEs, RFM segmentation, cohort retention, and MoM growth analysis across 5,878 customers and 41 countries. Demonstrates the SQL depth and data manipulation capability required for ORG diagnostic analytics.

github.com/Zolow-kuni/data-portfolio-2/tree/main/project5_sql_retail_analysis

Customer Churn Prediction in R R · randomForest · caret · pROC

3 ML models on 7,043 records; Logistic Regression AUC 0.837, Random Forest 0.824. Demonstrates statistical modelling, hypothesis testing, and the analytical rigour needed for Bain's diagnostic and benchmarking work.

github.com/Zolow-kuni/data-portfolio-2/tree/main/project8_churn_prediction_r

Interactive KPI Dashboard Python · Streamlit · Plotly · Power BI

Live multi-department dashboard tracking 6 KPIs across 180,519 supply chain records with automated alerting. Demonstrates the cross-stack delivery (Python + BI tools) and zero-defect analytical output the role requires.

github.com/Zolow-kuni/data-portfolio/tree/main/project2_kpi_dashboard

EDUCATION

MBA / PGPM - ICFAI Business School, Mumbai 2025 · CGPA 6.83

Operations Management -- data-driven decision making, strategy, process optimization, and organizational performance analytics. Post-graduate qualification: 12+ months experience track.

BCA - Shree Guru Ram Rai I.T.S., Dehradun 2022 · 72.68%

Programming (Java, Python), relational databases (SQL), analytical problem solving.

CERTIFICATIONS

 Google Advanced Data Analytics Professional Certificate (7/7) · Verify	Google / Coursera	May 2026
SQL and PostgreSQL: The Complete Developer's Guide (22 hrs) · Verify	Udemy	May 2026
Mastering dbt (Data Build Tool) · Verify	Udemy	May 2026
Python for Data Science · Verify	IBM / Credly	Apr 2026
Power BI Essential Training	LinkedIn Learning	Mar 2026

SKILLS

- GenAI & AI: Claude (LLM), Prompt Engineering, GenAI workflow design, AI-enabled process automation, YAML-config AI systems, Node.js automation
- Python: Pandas, NumPy, SciPy, Matplotlib, Seaborn, Scikit-learn, openpyxl -- data manipulation, analysis, automation, statistical modelling
- SQL & BI: SQL (CTEs, window functions, aggregations), PostgreSQL, Power BI (DAX), Tableau, Excel (Pivot, Modeling), dbt Core
- Analytics: Statistical Analysis (R), Regression, Logistic Regression, Random Forest, Cohort Analysis, KPI Tracking, RCA, Data Quality, ETL Validation
- Communication: Data Storytelling, Executive Presentations (PPT), Cross-functional Stakeholder Management, Non-technical Communication
