WORK EXPERIENCE

Logistics Integrators Pvt. Ltd. Mar 2025 - Mar 2026 · Dehradun, India

Data Analyst (Management Trainee Program)

- Power BI dashboard ownership:** Built and maintained Power BI dashboards tracking 10+ business KPIs across freight operations (180K+ orders) with DAX measures and automated refresh - established the single source of truth for cross-team reporting

- SQL analytics:** Wrote advanced SQL (CTEs, window functions, aggregations) for threshold-based alerting, trend analysis, and anomaly detection on operational datasets
- Automated reporting pipelines:** Built Python (Pandas, NumPy) ETL automation reducing manual reporting effort; generated structured Excel outputs with audit logging on schedule
- Cross-functional data coordination:** Led RCA on performance anomalies partnering with 3-5 teams to validate conflicting data and deliver corrective-action reports to senior management
