PROFESSIONAL SUMMARY

Business insight and reporting analyst with ~1.5 years of experience owning end-to-end data reporting cycles, BI dashboard delivery, and cross-functional stakeholder communication in operational environments. Proficient in MS Excel (Pivot Tables, Power Query, advanced formulas), Power BI, and SQL. Built and maintained weekly MIS reports covering 10+ KPIs, ran data validation and reconciliation checks to ensure audit-ready reporting accuracy, and communicated findings to finance, operations, and leadership teams. MBA in Operations Management brings structured business thinking to BI support work. Detail-oriented, deadline-driven, and committed to data accuracy and integrity.

EXPERIENCE

Logistics Integrators Pvt. Ltd.

Mar 2025 - Mar 2026

Data Analyst (Management Trainee Program)

Dehradun, India

- Prepared and owned **weekly MIS reports and Excel-based performance summaries** covering 10+ operational KPIs across freight ops, sales, and finance - delivered on fixed reporting cycles to ops, finance, and leadership teams
- Built **Power BI dashboards and Excel reporting tools** (Pivot Tables, Power Query, advanced formulas) that became the single source of truth for weekly business reviews; eliminated reporting disputes across three teams
- Performed **data gathering, entry, cleaning, and validation** across large operational and sales datasets; cross-referenced source systems to catch discrepancies before they entered management reporting
- Maintained **audit-ready documentation** of data workflows, metric definitions, and reconciliation outcomes; ensured reporting accuracy and traceability across all BI deliverables
- Communicated **data insights and performance summaries** to cross-functional stakeholders including finance, operations, and customer success; translated raw data into clear, actionable business intelligence
- Ran **root-cause analysis on reporting anomalies and data gaps**; proposed corrective actions reviewed and implemented by ops and finance leadership

Vrun Minerals Pvt. Ltd.

Feb 2024 - Jul 2024

Operations / Data Analyst (Intern)

Dehradun, India

- Entered, cleaned, and validated distributor and sales data in **Excel**; built deviation-tracking dashboards surfacing inventory and sales trends for the operations team
- Performed **daily data accuracy checks and inventory reconciliation** - catching discrepancies before they entered management review cycles
- Documented **data workflows, KPI definitions, and reporting procedures** to improve transparency and reduce ambiguity for non-technical stakeholders

EDUCATION

MBA / PGPM - Operations Management · ICFAI Business School, Mumbai	2025 · CGPA 6.83
