PROFESSIONAL SUMMARY

Data Analyst and Operations professional with ~1.5 years owning both the analytics layer (SQL dashboards, Python pipelines, KPI reporting) and the operational execution layer (cross-functional process improvement, stakeholder management, data-driven operations decisions). MBA in Operations Management provides the structured business thinking to bridge data analysis and operational product management - the combination this hybrid role demands.

CORE COMPETENCIES

SQL & Python (Pandas, NumPy)

Operations Management

Data Analytics & Reporting

KPI Tracking & Metrics Ownership

Process Improvement

Cross-functional Collaboration

MS Excel (Advanced)

Power BI Dashboards

Stakeholder Management

ETL Validation & Data Quality

Business Operations

MBA - Operations Management

EXPERIENCE

Logistics Integrators Pvt. Ltd. Mar 2025 - Mar 2026

Data Analyst (Management Trainee Program)

Dehradun, India

- Owned **end-to-end business operations analytics** - combined KPI tracking, process monitoring, and data-driven operational decision support across freight operations, sales, and finance; functioned as both the data analyst and the operational reporting PM for 3+ teams
- Built **Power BI dashboards and SQL reporting infrastructure** tracking 10+ operational KPIs; established single source of truth for cross-team operations management and performance reviews
- Led **process improvement initiatives driven by data**: identified operational bottlenecks via funnel and drop-off analysis, partnered with 3-5 cross-functional teams to redesign workflows and implement corrective actions
- Managed **operations data quality**: ETL validation, reconciliation, cross-system audits - ensuring reliable data for all operational and management decisions downstream
- Drove **root-cause analysis on operational performance anomalies** - investigated causes, coordinated corrective actions, and tracked resolution through cross-functional stakeholder communication
- Automated **Python (Pandas, NumPy) operational reporting pipelines**, improving turnaround on weekly business reviews and freeing capacity for strategic operations analysis

Vrun Minerals Pvt. Ltd. Feb 2024 - Jul 2024

Operations Analyst (Intern)

Dehradun, India

- Built **operations dashboards with inventory deviation tracking and sales trend analysis** in Excel and Python (Pandas); supported supply-chain operations decisions through data-driven insights
- Performed **inventory reconciliation and daily data accuracy checks** - core operations management hygiene that prevented reporting errors from entering management review cycles
- Documented data workflows and KPI definitions; conducted trend analysis to generate actionable operational insights for non-technical stakeholders

EDUCATION

MBA / PGPM - Operations Management · ICAI Business School, Mumbai 2025 · CGPA 6.83

Focus: data-driven decision making, operations management, process optimization, and stakeholder management - directly applicable to the analyst-operations PM hybrid role.

Bachelor of Computer Applications (BCA) · Shree Guru Ram Rai I.T.S., Dehradun 2022 · 72.68%

Foundation in programming (Java, Python), relational databases (SQL), and analytical problem solving.
