5 · CERTIFICATIONS - ADD THESE (SHOW AS BADGES)

|   |                                                                  |                              |
|---|------------------------------------------------------------------|------------------------------|
| 1 | Google Advanced Data Analytics Professional Certificate (7-of-7) | Google / Coursera · May 2026 |
| 2 | SQL and PostgreSQL: The Complete Developer's Guide (22 hrs)      | Udemy · May 2026             |
| 3 | Python for Data Science                                          | IBM / Credly · Apr 2026      |
| 4 | Data Analysis Using Python                                       | IBM / Credly · Mar 2026      |
| 5 | Power BI Essential Training                                      | LinkedIn Learning · Mar 2026 |
| 6 | Mastering dbt (Data Build Tool) - Beginner to Pro (8 hrs)        | Udemy · May 2026             |

6 · INDEED SKILL ASSESSMENTS - TAKE THESE (FREE, HIGH IMPACT)

|                                                                                         |                                                                                |
|-----------------------------------------------------------------------------------------|--------------------------------------------------------------------------------|
| <b>Microsoft Excel</b><br>Most requested by Indian employers - badge doubles visibility | <b>SQL</b><br>Shows up in recruiter filters - top skill for Data Analyst roles |
| <b>Data Analysis</b><br>Direct keyword match for all 5 target titles                    | <b>Attention to Detail</b><br>Commonly required for analyst roles - easy win   |

Target: **Proficient** or **Highly Proficient** - badge appears on profile and moves you up in recruiter searches. Retake once after 3 months if needed.

7 · ACTION PRIORITY ORDER

|   |                                                                                                                                   |         |
|---|-----------------------------------------------------------------------------------------------------------------------------------|---------|
| 1 | <b>Location fix</b><br>Dehradun, Uttarakhand - ensures local + nationwide recruiter searches find you                             | ✓ Done  |
| 2 | <b>Upload updated CV PDF</b><br>cv-subham-general-2026-06-09.pdf - all 9 projects, 15 certs, correct location                     | ✓ Done  |
| 3 | <b>Job Preferences</b><br>Set salary floor, job titles, remote/relocate flags - affects recruiter matching                        | ~10 min |
| 4 | <b>Skills - Tier 1 first</b><br>SQL, Python, Power BI, Excel, Tableau - these are keyword-matched in recruiter filters            | ~5 min  |
| 5 | <b>Indeed Skill Assessments</b><br>Excel + SQL + Data Analysis - biggest unblocked visibility booster, most candidates skip this  | ~30 min |
| 6 | <b>Structured Experience + Education fields</b><br>Indeed indexes structured fields separately from the PDF - fill both           | ~15 min |
| 7 | <b>Indeed Resume built-in summary</b><br>Paste the summary text from Section 4 - shown to employers before they download your PDF | ~5 min  |
| 8 | <b>Certifications</b><br>Top 6 from Section 5 - appear as trust badges on your public profile                                     | ~10 min |

Total time remaining: ~75 minutes · 2 steps already done · Assessments (#5) have the highest ROI per minute
