Dehradun, India · Open to relocate · Mumbai

PROFESSIONAL SUMMARY

Data analyst with BCA + MBA background and 1.5 years of hands-on experience in **data classification, quality control, SQL querying, Python scripting, and analytical reporting**. Detail-oriented, process-driven, and a self-motivated independent worker who consistently delivers accurate outputs on deadlines. Built a 10-rule data validation engine that flags anomalies across financial records, conducted QC on 800K+ row datasets, and maintained data accuracy workflows across operational systems. Strong written and verbal communication skills. Holds the **Google Advanced Data Analytics Professional Certificate** (7/7, May 2026). Portfolio:

github.com/Zolow-kuni/data-portfolio

CORE COMPETENCIES

Data Classification & Categorization

Quality Control & Data Validation

SQL Queries & Data Analysis

Python Scripting (Pandas · NumPy)

MS Excel (Advanced)

Anomaly Detection

Process Documentation

Cross-functional Collaboration

WORK EXPERIENCE

Logistics Integrators Pvt. Ltd.

Mar 2025 - Mar 2026

Data Analyst - Management Trainee Program · Dehradun, India

- Performed **daily categorization and QC of operational data streams** across freight, shipment, and financial datasets; maintained classification accuracy and data consistency for management reporting
- Built **statistical anomaly detection** using Z-score and IQR methods to flag outliers and data quality issues in real-time operational datasets before they impacted business decisions
- Ran **SQL queries and Python scripts (Pandas)** to extract, clean, transform, and analyse large datasets; identified data anomalies and reported findings to senior team members
- Partnered with **cross-functional teams** (operations, finance, sales) to refine data classification protocols and resolve data discrepancies -- mirroring the Engineering/Tech Ops collaboration this role requires
- Maintained **process integrity and data governance** across reporting systems; implemented validation workflows to ensure data accuracy, consistency, and standardization
- Delivered **high-quality analytical outputs on strict weekly deadlines**; managed multiple concurrent data tasks independently, prioritizing workload and taking ownership of assigned responsibilities

Vrun Minerals Pvt. Ltd.

Feb 2024 - Jul 2024

Operations Analyst (Intern) · Dehradun, India

- Classified and validated inventory and sales data; flagged anomalies and maintained data accuracy across operational datasets
- Produced reports meeting client specifications and business deadlines; demonstrated attention to detail and process orientation

PROJECTS

Financial Data Integrity Checker - QC Engine Python · Pandas · NumPy

10-rule data validation and classification engine on 700 financial records: flagged profit outliers via 3-sigma detection, scored data completeness 91-100% per column, generated audit-ready QC reports. Directly mirrors Nielsen's precision classification and QC responsibilities.
github.com/Zolow-kuni/data-portfolio/tree/main/project3_financial_integrity

Fraud & Anomaly Detection System Python · Pandas · SciPy · Scikit-learn

Applied Z-score, IQR, and rule-based classification to 283,726 real credit card transactions; accurately flagged 2,838 suspicious records at 0.17% fraud rate. Demonstrates the precision classification, QC, and data anomaly identification this role is built around.
github.com/Zolow-kuni/data-portfolio/tree/main/project1_fraud_detection

SQL Retail Analysis SQL · SQLite · Python

15 advanced SQL queries on 805,549 rows including anomaly identification, segmentation, and trend analysis across 41 countries. Demonstrates the SQL querying proficiency listed in the role requirements.
github.com/Zolow-kuni/data-portfolio-2/tree/main/project5_sql_retail_analysis

EDUCATION

MBA / PGPM - ICFAI Business School, Mumbai 2025 · CGPA 6.83

Operations Management -- analytical thinking, data-driven decision making, process optimization.

BCA - Shree Guru Ram Rai I.T.S., Dehradun 2022 · 72.68%

Programming (Java, Python), relational databases (SQL), analytical problem solving. BCA listed as eligible qualification for this role.

CERTIFICATIONS

 Google Advanced Data Analytics Professional Certificate (7/7) · Verify	Google / Coursera	May 2026
SQL and PostgreSQL: The Complete Developer's Guide · Verify	Udemy	May 2026
Python for Data Science · Verify	IBM / Credly	Apr 2026
Software Testing: Tools & Test Planning	LinkedIn Learning	Apr 2026

SKILLS

Data Classification & QC: Anomaly detection, data validation, rule-based classification, QC test design, audit documentation, data integrity workflows
Technical: SQL (advanced queries), Python (Pandas, NumPy, SciPy, Scikit-learn), MS Excel (Pivot, Advanced), Power BI, Matplotlib, Seaborn
Professional: Attention to detail, deadline management, independent work, process documentation, cross-functional collaboration, written English
