PROFESSIONAL SUMMARY

Data Analyst with ~1.5 years hands-on experience in SQL, Python (Pandas, NumPy), and Power BI, delivering analytical insights, KPI tracking, and business analysis in operational environments. Built data-driven reporting infrastructure, funnel analysis, and business analytics workflows that informed operational and revenue decisions. Skilled at translating raw datasets into actionable intelligence for cross-functional teams - the same analytical toolkit fintech data teams rely on daily.

CORE COMPETENCIES

SQL & Python (Pandas, NumPy)

Data Analytics & Business Analysis

KPI Tracking & Reporting

Power BI Dashboards

Funnel & Conversion Analysis

Data Quality & ETL Validation

Statistical Analysis

Data-driven Decision Making

Process Automation

Cross-functional Collaboration

Stakeholder Communication

dbt Core

EXPERIENCE

Logistics Integrators Pvt. Ltd. Mar 2025 - Mar 2026

Data Analyst (Management Trainee Program)

Dehradun, India

- Built **Python (Pandas) analytics pipelines and SQL-based KPI models** tracking 10+ business metrics across operations; delivered weekly analytical insights and business analysis reports to leadership and cross-functional teams
- Owned **Power BI dashboard infrastructure** as the single source of truth for business performance analytics - enabling data-driven decision making across freight operations and sales teams
- Designed **funnel and conversion analysis** on shipment journeys (start-to-delivery), producing business analysis findings that informed process redesigns and revenue-impacting operational interventions
- Led **root-cause analysis and data-driven investigation** on performance anomalies - partnering with 3-5 cross-functional teams to validate data signals and implement corrective actions
- Drove **data quality and ETL validation workflows**: reconciliation, cross-system audits, eliminating discrepancies - ensuring clean, reliable datasets for downstream analytics
- Automated recurring **Python (Pandas, NumPy) reporting pipelines**, freeing analyst bandwidth for higher-value business analysis and insight work

Vrun Minerals Pvt. Ltd. Feb 2024 - Jul 2024

Operations Analyst (Intern)

Dehradun, India

- Cleaned and validated distributor and sales datasets using **Excel and Python (Pandas)**; built analytics dashboards surfacing inventory trends and sales deviation patterns
- Performed **inventory reconciliation and data accuracy checks**; conducted business trend analysis to generate actionable insights for supply-chain decisions
- Documented data workflows and metric definitions for non-technical stakeholders; improved transparency of KPI definitions across the business

EDUCATION

MBA / PGPM - Operations Management · ICAI Business School, Mumbai 2025 · CGPA 6.83

Focus: data-driven decision making, business analytics, process optimization, and performance management - applicable to analytics roles in fintech and high-growth startups.

Bachelor of Computer Applications (BCA) · Shree Guru Ram Rai I.T.S., Dehradun 2022 · 72.68%

Foundation in programming (Java, Python), relational databases (SQL), and analytical problem solving.
